OBJECTIVE

Software Developer with 3 years of experience in Python and full-stack development. Strong foundation in DSA and CI/CD automation. Looking for roles that offer growth in development and AI.

KEY STRENGTHS

Strong Problem-Solving skills and proficiency in Data structure and algorithms and quick learner adapts to new tech within minimal interactions.

EDUCATION

Master of Computer Science, Department of Computer science, Pune University Campus [2020-2022]
Score: 7.0 CGPA

Bachelor of Computer Science, R.B.N. Borawake College, Shrirampur. [2017-2020]
Score: 73.0%

SKILLS

Framework	Django, Flask, ReactJS, Ant Design, Cypress, Playwright
Language:	Python, C, Java, Go
Databases	SQL, MySQL, MongoDB
DevOps & Tools:	GitLab CI/CD, Docker, Kubernetes, Nginx, Git
Others	HTML, CSS, Elastic Search, AWS, Kafka, Redis

EXPERIENCE

Member Of Technical Staff Coriolis Technologies Pvt Ltd.	July 2022 - Present Pune
• Gitlab Pipelines: Built and optimised GitLab CI/CD pipelines with automated linting (PyLint, ESLint, Prettier), improving code consistency and delivery speed. • UI Framework: Designed a Cypress-based UI automation setup, reducing manual test effort by 70% using Dockerized environments. • REST API Framework: Developed a scalable REST API testing framework in Python, increasing regression speed by 50%. • Framework Parallelisation & DevOps: Implemented parallel test execution using Docker & Kubernetes, cutting CI runtime by up to 5 hours. • Full-Stack Product Development: Led development of HR and performance dashboards using Django, React, and Ant Design; deployed on Nginx. • Team Leadership & Agile Collaboration: Mentored junior developers and collaborated in Agile sprints, ensuring timely and high-quality releases.	

PROJECTS

News Website: Build website consists of news integrated using an API. All news related to the category will be updated on a regular basis and can be sorted by country and interest. This website also collects exclusive news headlines with related images and videos, along with the source and all other necessary information. This project was developed using ReactJS, Bootstrap, and API fetched from www.newsapi.com

ACHIEVEMENTS

- Certificate of Recognition and Extra Miler Award [Thales, Noida] [12/2024-Present]
- AWS Solution Architect Associate
